GENERAL REMINDERS:

Thank you to all those who attended the Phonics Screening workshop. If you have any further questions or would like resources to support your child at home, please do speak to your class teacher. The most important message that we can share is that reading 5x a week with your child makes a significant difference to both their ability to read and ability to write. We cannot stress enough how important taking the time to do this with your child is.

We will write down scores achieved in the recent phonics screening practice in reading records this week. The 2018 paper was a more challenging paper than other years and is the one that we have started with. If you have any questions or concerns, please speak to your class teacher.

Free phonics games can be found here: Phonics Play
